THE JERICHO LIBRARY HAS STAR STATUS!

The Jericho Public Library was among 7,115 libraries selected to participate in a survey by the prestigious, professional publication, *Library Journal*. Only 256 libraries nationwide and 34 in New York State were given star status.

We are proud to announce that the Jericho Library is one of only five libraries in Nassau County chosen for recognition. They are: the Jericho Public Library, The Bryant Library (Roslyn), the Great Neck Library, the Plainview-Old Bethpage Library and the Port Washington Library.

The Jericho Board of Trustees attributes the Library's rating to caring customer service as well as an inviting environment. It is their belief that "A motivated staff and a strong director all contribute to the success of any library." Mrs. Kessler announced that this rating only serves to give us the incentive to engage in a more in-depth examination of how we can serve the Jericho community in the coming year.
