

# Get your Digital Library Card Today!

1. CardStar® is an amazingly simple solution for managing the plastic cards in your wallet, including your Library card. You can consolidate your membership and reward cards for national and regional merchants' stores that are CardStar® participants.
2. When you're ready to check out library material, you will have access to your card with a single touch from the CardStar® app. home screen. It's that easy!
3. CardStar® is available for iPhone/iPod, Touch/iPad, Android, BlackBerry, and Windows Phone 7.

## How to use it:

1. Download the CardStar® application from your app store into your smart phone or other device.
2. After you get the application on your device click on it, and then click on the plus (+) in the upper right corner.
3. Type Jericho Public Library in the search box. Jericho Public Library will appear on the screen. Click on it.
4. A screen will appear with two different options: type the barcode from your library card or scan the number using your camera from your phone.
5. After you input that information click on done and you will be ready to use your digital card.
6. Every time you need to use your card at the library you just have to use your smart phone. Click on the CardStar® application, then on Jericho Public Library and your smart phone will display your digital card on the screen.
7. You will be able to add more merchants that are CardStar® participants the same way you added the Jericho Public Library to your device.

## **Note:**

**CardStar® saves you the time and trouble of searching through your wallet to find a single card among many. By consolidating all of your cards in CardStar's mobile app, they're never more than a tap of the finger away.**
