Dear Jericho Community,

The Jericho Public Library's Budget Vote for fiscal year 2016/2017 is Tuesday, May 17th from 6:00 AM to 9:00 PM in the Jericho Middle High School Gymnasium. I am pleased to announce that this year's proposed budget, with a 2.7% levy increase, is once again within the New York State allowable tax cap. We continue to make every effort to contain expenses while improving and expanding services and programs for our patrons.

To enhance the educational experiences of Jericho students we have implemented various S.T.E.A.M. (Science, Technology, Engineering, Art, and Math) programs. These hands-on learning activities complement the commitment to the S.T.E.A.M. curriculum in our award-winning schools and will help students achieve academic success. Patrons of all ages may enjoy movies, concerts, lectures and family programs in our state-of-the-art theater. You can log on to Hoopla, an online streaming service, to view movies (including foreign language films), TV series and listen to a wide selection of music while in the library. For your convenience, we even have iPads designated with Flipster, our online magazine service, and Hoopla that you can enjoy while sitting on comfortable chairs located in our periodical section.

Download the JPL mobile app to your smart device and have your Digital Library Card and all our online services at your fingertips 24/7. The app gives patrons secure access to our most friendly online catalog. You can also view your account, browse the JPL newsletter and Event Calendar and access downloadable services such as Freepal and Hoopla for music, Flipster for magazines and Hoopla and VUDU to stream videos. Our streaming service currently contains over 160 movies which you can check out for 7 days. You can easily reserve museum passes. Homework help is available for children and teens at www.ETutor.com from home or wherever you may be.

Jericho patrons may register online to use our 3D Printer to design and build a variety of items. Find a project on www.thingiverse.com or create your own. There is no limit to what your imagination can conceive!

You asked for it - Photoshop has recently been added for patron use! Xas and Twarcn can find it in the YA Center and Tween area in the Children's Room. Adults may access it on the Mac computer in the Information Center. Register at the library to use this creative software.

Our capable, knowledgeable and friendly staff work hard to ensure that you have a pleasant library experience and look forward to seeing you on your next visit to the library.

On behalf of myself, the Library Board and staff, I thank you for your continued and enthusiastic support. It is because of this support we are able to provide the Jericho community with the excellent services and programs that you have come to expect!

Sincerely,
Christina Bremer, Acting Director
