

# From the Children's Room

## All Programs Are Virtual

Program registration is required unless otherwise noted. Each children's program you register for requires an email address.

Programs are virtual and will begin promptly at the time indicated.

Latecomers will not be admitted 10 minutes after the start of the program as it is disruptive to those in attendance.

### Penguin & Snowflake (Grades 1 to 6)

Thursday, January 7th at 4:00 PM

Learn to draw a penguin catching a snowflake!

### Virtual Just For Fun

#### Art Workshops with Amy

### Snowy Birdhouse & Cardinal (Grades 1 to 6)

Thursday, February 4th at 4:00 PM

Have fun while learning to draw a birdhouse and cardinal.

*You will need to have the following materials for both workshops:*

*heavyweight drawing paper, pencil, sharpie and either colored pencils, markers or watercolors.*

### Virtual Science Fun & Facts

#### STEAM at the National Baseball Hall of Fame

*Register for one or all three of these informative programs.*

Take a virtual visit to the Baseball Hall of Fame in Cooperstown, NY and find out about STEAM in baseball.

(Grades 3 to 6)

Fridays at 4:00 PM

#### Physical Science on the Sandlot January 8th

The red stitches on the baseball not only hold the cowhide together, they also serve as aerodynamics. You will learn about this and more...like why a player wears batting gloves and hitters choke up on the bat.

#### Batters Up January 15th

See how everyday math applies to baseball and the real world. Analyze baseball statistics and how they are calculated.

#### How the Hall of Fame Works January 22nd

Take a virtual tour of the museum and learn how artifacts are obtained and processed. You will see themed exhibits including African-American, Latino and women's history and how the World Series artifacts come to the museum.

#### Magic vs Science The Children's Museum at Saratoga

(Ages 4 and up)

Tuesday, January 12th at 7:00 PM

Learn to concoct a brew which uses household kitchen ingredients. Is it the magic wand or science that explains the bubbling chemical reaction of the experiment?

#### Magic Monday with Ari

(Ages 8 & up)

Monday, January 25th at 7:00 PM

Join magician Ari Bisk for an interactive virtual Card Magic Show. Ari will teach beginner magic tricks and secrets after the show. Have a deck of playing cards available.

#### Maker Hour with STEMtastic

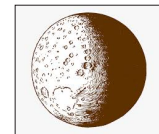

(Ages 7 to 12)

Tuesdays at 7:00 PM

*See materials needed for the following programs when you register.*

#### Roving on the Moon

January 26th

NASA is building vehicles to explore the moon's surface. In this virtual program you will learn how to build your own rover and master the physics and engineering needed to propel it on a lunar surface.

#### CSI

February 23rd

Practice the power of observation after watching a short video online, make invisible ink, observe your fingerprints, extract DNA from a piece of fruit and attempt to solve a real mystery!

#### Lights on with STEM

(Grades 3 to 5)

Wednesday, February 3rd at 7:00 PM

Create a light up winter scene STEM project with paper-circuit cards and LED lights. After registering, you will be notified when to come and pick up your supplies.

#### Kahoot Winter Trivia

(Grades 1 to 3)

Wednesday, February 10th at 7:00 PM

Join this virtual, fun family activity and see how much you know about the Winter season.

## Virtual Babies & Toddlers

### Jump for Joy

(Ages 18 months to 5 years)

Fridays at 10:30 AM

January 8th & February 5th

This is a lively program of music and group activities for you and your child.

### 1, 2, 3 Full S.T.E.A.M. Ahead

(Ages 18 months to 5 years)

Wednesdays at 10:30 AM

January 13th & February 10th

This virtual program provides a structured experience that enhances STEAM learning. Emphasis is given to activities that encourage early reading, math and school readiness.

## Virtual Winter Storytimes

### Stories with Miss Liz

(Ages 2 to 5 years)

Tuesdays at 10:30 AM

January 12, 19, 26, February 2, 9, 23

This is a Mommy & Me program of stories, songs, rhymes and fingerplays.

### Stories & Craft with Miss Kim

(Ages 3 years to K)

Thursdays at 7:00 PM

January 14, 21, 28, February 4, 11, 18, 25

Children will enjoy a virtual story and make a craft. After registering, visit the Children's Room to pick up your craft kit to participate in this program.

SYMBOL INDICATES STEAM PROGRAMS

Science • Technology • Engineering • Art • Math

## Leprechaun Workshop

(Grades 1 to 6)

Thursday,  
March 4th  
at 4:00 PM

## Virtual Children's Book Discussions

- Register on line
- Pick up a copy of the book in the Children's Room prior to the program
- We ask that the book be read before the program, either by the child or a parent reading to the child

### GRADES 1 & 2

Monday, January 18th at 7:00 PM

*Stone Soup* by Marcia Brown

Monday, February 22nd  
at 7:00 PM

*Strega Nona*

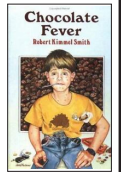

by Tomie DePaola

### GRADES 3 & 4

Wednesday, January 20th at 7:00 PM

*Chocolate Fever*

by Robert Kimmel Smith

Wednesday, February 24th at 7:00 PM

*Who was George Washington?*

by Roberta Edwards

## VIRTUAL PROGRAMS FOR TWEENS ONLY

Grades 4, 5 & 6

Registration required.

### Winter Wonderland Pop-Up Card

Wednesday, January 13th at 7:00 PM

Artist Chris Vivas will teach the techniques to construct a pop-up card which you will embellish and decorate to spread joy to the person you give it to.

### Jackson Pollock Virtual House Tour

Wednesday, January 27th  
at 4:00 PM

Education Coordinator and artist Joyce Raimondo will guide you through the Pollock/Krasner home and studio. Experience and discuss the art by Jackson Pollock and his wife Lee Krasner. Joyce will also demonstrate how you can express your feelings by creating art using supplies you have at home.

Children's programs continue on back page

## TAKE HOME to MAKE HOME CRAFT

Come to the Children's Room  
the week of January 18th  
to pick up a craft  
to make at home.

## MAKE A FLAKE!

Children of all ages are invited to make a  
snowflake, bring it to the Children's Room and we  
will display it all winter for everyone to admire!

## THE MAGIC OF CHEMISTRY

(Grades K and up)

Tuesday, February 16th at 11:00 AM

Join us for this virtual program which  
uses magic tricks and circus skills to  
help explain atoms, molecules, the  
elements, compounds, solutions,  
magnetism and static electricity  
in an informative and entertaining  
way. Using ingredients found in  
everyday life this delightful show  
will beguile the audience while  
introducing simple and effective  
science concepts.

## CHILDREN'S VIRTUAL ART SERIES

with the Village Artist

(Ages 7 to 12)

### Object Drawing

Wednesday, February 17th at 4:00 PM

Learn how to draw and shade  
simple household items.

### Landscape Painting

Thursday, February 18th at 4:00 PM

You will learn to paint a realistic landscape step-by-step.

### Portrait Drawing

Friday, February 19th at 4:00 PM

Draw a portrait with easy to follow instructions.
