

**Downloading Minecraft on Computer** - <https://www.minecraft.net/en-us/download>

1. Click on the link provided above and click the big green “download launcher” button
2. Follow through with the download process and the host will assist in logging in and navigating to our servers!
3. If the link above does not work due to a change in Minecraft’s website, please follow the installation steps below!

1. Navigate to Minecraft.net and click “Log in” in the upper right corner
2. Sign in using a Microsoft account (NOT a Mojang account)
3. Click the green “Get Minecraft” button
4. Select the correct platform (Windows or Mac)
5. Click on the green download button to the left of the yellow text reading, “already own Minecraft?”
  - a. This will download the game for free
6. Download the game, launch the app once it has been downloaded, and log in using the same account as before!

- Chromebooks or Kindles are **NOT** able to run Minecraft.
- Consoles (Nintendo Switch, Playstation, Xbox) can run Minecraft, but are **UNABLE** to connect to our servers
