DIRECTOR' S REPORT

Annual Financial Review - Ms. Jill Sanders of Cullen & Danowski, LLP will be presenting the 2021/2022 Jericho Library Financial Statements and Yearly Audit to the Board of Trustees.

Banks- This month Ms. Cinquemani worked with Mr. Weinstock to review our Jericho Library Investment Policy and our library bank accounts to ensure we are receiving the best possible rates for the library.

Trustee Training Policy- Beginning January 1, 2023 all trustees of public libraries in New York will be required to complete a minimum of two hours of trustee education annually (*Education Law 260-d added by Chapter 468 of the Laws of 2021*). Ms. Cinquemani will help Trustees to meet this requirement either online or via an on-site training with the Nassau Library System (NLS). New York State DLD (Division of Library Development) is recommending that library boards adopt a trustee education policy to document how the board will ensure compliance.

Staff Training - 27 Jericho Library employees attended CPR & AED training on 11/5/22 and 11/7/22 given by American Heart Association Certified Instructors from Learn CPR NYC, Inc. This was a very important and valuable class, and our staff members were happy to attend.

Nassau Library System – Ms. Cinquemani attended the Nassau Library System Annual Meeting on 12/7/22 on behalf of the Jericho Public Library Board of Trustees. There was

an excellent presentation on 'The Importance of Prioritizing Marketing and Promotion for Public Libraries' with Mr. Chris Boivin, Assistant Director of Community Relations and Marketing at Jacksonville (FL) Public Library. Mr. Boivin highlighted the importance of library marketing and demonstrating to our patrons and community how the library has resources to help solve problems and challenges. Ms. Caroline Ashby, Director of the Nassau Library System, reviewed NLS activities for the past year. Two new NLS Board Trustees were elected, Mr. George O. Williams (Area 8) and Mr. Bill Keller (Area 7). Ms. Ashby reviewed the new Trustee Training requirement as well as the NLS Operating Budget for 2023.

Windows/Doors & Theater - The library building is over 30 years old with leaky windows, doors, and items in need of updates. The Board has approved moving forward with necessary building improvements. All necessary paperwork has been filed with NYSED (New York State Education Department) by Mr. Philip Handler from BBS Architects and we are awaiting response. On 11/29/22 Ms. Cinquemani conferenced with Mr. Phil Handler from BBS Architects and Mr. Will Recce from SCC Construction Management Group to discuss details regarding the construction timeline. Ms. Cinquemani is working with them to ensure that the library will stay open as much as possible during the construction work. Ms. Jacobson and Ms. Cinquemani met with BBS Architects on 11/30/22 to look at and discuss design options and finishes for theater seats and carpeting.

HVAC Units - On 12/14/22 HVAC units #3 and #4 will be replaced. A crane will be brought in to lift the units to the roof for installation. For safety reasons, the library will open at 1:00pm on that day. This information has been posted in the library and online to notify the public.

Sustainable Energy Solutions - It was previously requested that we look into sustainable energy solutions from Bloom energy and Tesla Powerwall. We found out that these companies are consumer focused and do not work with libraries. As an alternative, Sunation Energy provided us with an estimated cost for solar panels. We are finding out whether the library may qualify for special discounts through a government program. Ms. Cinquemani will also research cost and details for implementing a generator for the library. Ms. Cinquemani will put this into the capital plan for future consideration.

EMAIL NEWSLETTER & PROGRAMS - We encourage the Jericho community to take advantage of our wide variety of educational and recreational programs at the library. Please check our monthly calendar for the latest information:
